PROFESSIONAL SUMMARY

Passionate UI/UX designer with expertise in modern, accessible, and responsive solutions for various platforms. Driven by a commitment to innovation and cross-functional collaboration, I value simplicity and efficiency, leveraging insights from human psychology to enhance user experiences.

WORK EXPERIENCE

October 2021-Present

Foodlum Inc (UI/UX Designer) ***Remote, Nigeria***

- *Successfully conceived, generated, and showcased project deliverables, including user flows, wireframes, and concept designs, effectively illustrating innovative features, dialogs, and visual elements in the projects.*
- *Accomplished the design of visually captivating user interfaces and user experience concepts for web and mobile applications, employing tools such as Figma and Adobe Illustrator.*

February – September 2023

Scimitar Global Service Limited (UI/UX Designer) ***Lagos, Nigeria***

- *Redesigned and developed websites using WordPress to enhance visual appeal and drive increased customer engagement.*
- *Optimized website UX, reducing redundancy, and emphasizing calls to action, yielding a 6.5% engagement rate increase.*
- *Revitalized prior designs by deconstructing functional needs, creating wireframes to visualize essential product functions, and crafting prototypes for rigorous design testing and refinement.*

June 2022-January 2023

VIGILEARN (UI/UX Designer) *Contract* ***Remote, Nigeria***

- *Successfully developed a valuable 'Onboarding Flow' to improve user comprehension and collaborated effectively with a cross-functional team, ensuring seamless project delivery.*

VOLUNTEER EXPERIENCE

October 2020-March 2021

EagleEye (UI/UX Designer) *Contract*

- *Solved complex design challenges in line with product requirements.*

EDUCATION AND TRAINING

October 2023 UI / UX Design Specialization

April 2018 BSc. Honors; FUNAAB, Second Class (Upper) division (4.25/5.0)
